DISCIPLINE AND BEHAVIOR MANAGEMENT POLICY

Praise and positive reinforcement are effective methods of the behavior management of children. When children receive positive, self-discipline. Based on this belief of how children learn and develop values, this facility will practice the following discipline and behavior management policy.

We:

1. DO praise, reward, and encourage the children.
2. DO reason with and set limits for the children.
3. DO model appropriate behavior for the children.
4. DO modify the classroom environment to attempt to prevent problems before they occur.
5. DO listen to the children.
6. DO provide alternatives for inappropriate behavior to the children.
7. DO provide the children with natural and logical consequences of their behaviors.
8. DO treat the children as people and respect their needs, desires, and feelings.
9. DO ignore minor misbehaviors.
10. DO explain things to children on their levels.
11. DO use short supervised periods of "time-out": ("Time-out" is described below)
12. DO stay consistent in our behavior management program.
13. DO use effective guidance and behavior management techniques that focus on a child's development.

We:

1. DO NOT spank, shake, bite, pinch, push, pull, slap, or otherwise physically punish the children.
2. DO NOT make fun of, yell at, threaten, make sarcastic remarks about, use profanity, or otherwise verbally abuse the children.
3. DO NOT shame or punish the children when bathroom accidents occur.
4. DO NOT deny food or rest as punishment.
5. DO NOT relate discipline to eating, resting, or sleeping.
6. DO NOT leave the children alone, unattended, or without supervision.
7. DO NOT place the children in locked rooms, closets, or boxes as punishment.
8. DO NOT allow discipline of children by children.
9. DO NOT criticize, make fun of, or otherwise belittle children's parents, families, or ethnic groups.

"Time-out"

"Time-out" is the removal of a child for a short period of time (3 to 5 minutes) from a situation in which the child is misbehaving and has not responded to other discipline techniques. The "time-out" space, usually a chair, is located away from classroom activity but within the teacher's sight. During "time-out," the child has a chance to think about the misbehavior which led to his/her removal from the group. After a brief interval of no more than 5 minutes, the teacher discusses the incident and appropriate behavior with the child. When the child returns to the group, the incident is over and the child is treated with the same affection and respect shown the other children.

Adapted from original prepared by Elizabeth Wilson, Student, Catawba Valley Technical College

DIRECTOR DISCRETION REGARDING CONTINUED ENROLLMENT

Once your child has been in attendance in our program for one month he or she will be assessed by our director and staff to determine if Calvary is the best fit for your child and their individual needs. At the conclusion of this assessment, the director shall have the right to determine whether continued enrollment at Calvary is appropriate for your child. In the event the director determines that Calvary is not the appropriate program for your child, she will recommend other options or placements for your child and the contract of enrollment will be terminated. The decision to terminate enrollment shall be at the sole discretion of the director and will be communicated to you.

The director also reserves the right to deny admittance or to revoke or suspend enrollment of a child, at her discretion, for reasons including, **but not limited to**, the following:

- Non-payment of tuition;
- Lack of immunizations;
- Child's repeated disruptive behavior;
- Child's repeated violent behavior;
- Lack of cooperation with center staff by student or parents;
- Developmental or health needs of the child which, in the discretion of the director, cannot be met at Calvary Child Development Center within its existing structure or procedures;
- Temporary health needs, conditions or periods of recuperation which the director determines would require a leave of absence until resolved.

KEY FOB POLICY

Calvary CDC has instituted a swipe system. I will receive 2 Calvary CDC ID fobs for security purposes. I will need to bring my key fobs each time I enter the building through the preschool entrance, and as I enter each hallway in the building. Security fobs will be given out by the teacher on the first day of school, and additional fobs may be ordered any time from the preschool office. The original key fobs I receive are assigned to my child for the duration of their time at Calvary CDC; fobs are not reassigned from year to year. I will keep fobs as long as my child remains at CCDC, and return any key fobs in my possession when my child will be permanently leaving Calvary CDC. At the time of termination, I will return the fobs to the first floor preschool office.

If I should lose one of the fobs, or if it is stolen, I must report it immediately to Julie Forlenza at 704.887.3677 or jforlenza@calvarycdc.com. If I should have to replace a lost or stolen fob, I understand \$25 will be charged to my child's account.

Photo Release Information

Dear Parent, Like you - we're shutterbugs! We love taking pictures of your wonderful kids during activities, and we use these photos in a variety of ways. We pin them to our school bulletin boards, we make class albums, we often share them with you, and from time to time, we put pictures on our website or in printed materials.

However, we are sensitive to the fact that some of you might prefer not to have your child be in a picture from the CCDC. We will certainly honor those requests. Please review the form below and check and initial the correct section. Then sign the master signature form. This form tells us whether or not we can use your child's photo and gives us permission to use photos. As we are a not-for-profit organization, we only use photos for CDC-specific materials and never for items for sale.

Thank you for your assistance!

Consent and Release Form

I do hereby grant to Calvary Child Development Center, a ministry of Calvary Church of Charlotte, North Carolina, the unlimited right to use, reproduce, and/or publish photographs and likenesses of my child for the internal or external promotional and informational activities of Calvary Child Development Center.

I agree to allow my child's photograph, voice and/or likeness to be published in various forms and mediums, including but not limited to, the Calvary Child Development Center internet/intranet web sites, publications, slides, advertisements, brochures, and video presentations.

I further understand that by signing this release, I waive any rights to inspect or approve any of the above stated material(s) and I waive any and all present or future compensation rights to the use of the above stated material(s).

Please check the Yes or No box and initial the form, on Page 3 stating that you have read and understood these terms.

Peanut Free Policy

Calvary Child Development Center is a peanut free childcare center. Some of our children are allergic to peanuts and if in the presence of peanuts they could have a life threatening allergic reaction. In order to provide the safest possible environment for all of our children, we will ask that students bring no foods that contain peanuts into the school.

This is an issue that must be taken very seriously when the population we serve cannot yet self-advocate or read packaging. For this reason, we feel that this is a necessary step to be taken for the protection of children in the Child Development Center.

While we cannot absolutely ensure that our school will be 100% peanut free, we will drastically diminish the possibility of a child having an allergic reaction due to coming in contact with peanuts. We understand that the "no peanut butter at school" policy will be difficult for some of our children and families. We are very hopeful that through activities in our classrooms and discussions at home as a family about peanut allergies, that our children will begin to understand the importance of going peanut free. This is chance for our children to learn more about being inclusive to others needs, and their role in supporting neighbors in the community.

We thank all of our families and staff for their cooperation in upholding this policy.

Serving Christ at Calvary,
Pat Collins, Calvary Child Development Center Director

Calvary Child Development Center

Infant/Toddler Safe Sleep Policy

for children 12 months and younger

Sudden Infant Death Syndrome (SIDS) is the unexpected death of a seemingly healthy baby for whom no cause of death can be determined based on an autopsy, an investigation of the place where the baby died and a review of the baby's clinical history.

Child care providers can maintain safer sleep environments for babies that help lower the chances of SIDS. N.C. law requires that child care providers caring for children 12 months of age or younger, implement a safe sleep policy, share this information with parents and participate in training.

In the belief that proactive steps can be taken to lower the risks of SIDS in child care and that parents and child care providers can work together to keep babies safer while they sleep, this facility will practice the following safe sleep policy:

Safe Sleep Practices:

1. All child care staff working in this room, or child care staff who may potentially work in this room, will receive training on our infant Safe Sleep Policy.
2. Infants will always be placed on their backs to sleep, unless there is a signed sleep position medical waiver on file. In that case, a waiver notice will be posted at the infant's crib and the waiver filed in the infant's file.
3. The American Academy of Pediatrics recommends that babies are placed on their back to sleep, but when babies can easily turn over from the back to the stomach; they can be allowed to adopt whatever position they prefer for sleep.
4. We will follow this recommendation by the American Academy of Pediatrics. However, child care staff can further discuss with parents how to address circumstances when the baby turns onto their stomach or side.
5. Visually checking sleeping infants. Sleeping infants will be checked daily, every 15 minutes, by assigned staff. The sleep information will be recorded on a Sleep Chart. The Sleep Chart will be kept on file for one month after the reporting month. We will be especially alert to monitoring a sleeping infant during the first weeks the infant is in child care. We will check to see if the infant's skin color is normal, watch the rise and fall of the chest to observe breathing and look to see if the infant is sleeping soundly. We will check the infant for signs of overheating including flushed skin color, body temperature by touch and restlessness.
6. Steps will be taken to keep babies from getting too warm or overheating by regulating the room temperature, avoiding excess bedding and not over-dressing or over-wrapping the baby.

Safe Sleep Environment

7. Children will not be swaddled.
8. Room temperature will be kept between 68-75°F and a thermometer kept in the infant room.
9. No pillows, wedges or other positioners, pillow-like toys, blankets, toys, bumper pads, quilts, sheepskins, loose bedding, towels and washcloths, or other objects may be placed with a sleeping infant aged 12 months or younger.
10. Only pacifiers without any attachments will be allowed in infants' cribs while they sleep. (Attachments would include all items that attach pacifiers to children's clothing/blankets e.g. metal or plastic pacifier clips or holders that loop onto pacifiers.)
11. Infants are prohibited from sleeping in sitting devices, including but not limited to, car safety seats, strollers, swings, and infant carriers. Infants that fall asleep in sitting devices shall be moved to an appropriate sleep environment.
12. A safety-approved crib with a firm mattress and tight-fitting sheet will be used.
13. Only one infant will be in a crib at a time, unless we are evacuating infants in an emergency.
14. No smoking is permitted in the infant room or on the premises.
15. All parents/guardians of infants cared for in the infant room will receive a written copy of our Infant/Toddler Safe Sleep Policy before enrollment.
16. To promote healthy development, awake infants will be given supervised "tummy time" for exercise and for play.

Adopted: October 1, 2017

Smoke-Free and Tobacco-Free

Calvary Child Development Center is a smoke free and tobacco free environment.

Bite Policy • Biting in the Daycare Setting

Philosophy:

Biting is a natural developmental stage that many children go through. It is usually a temporary condition that is most common between thirteen and twenty-four months of age. The safety of your child is of primary concern to the staff at Calvary CDC. Our biting policy addresses the actions the staff will take if a biting incident occurs at Calvary CDC. We ask that you read over the policy and discuss any concerns that you might have with the director of Calvary CDC before you enroll your child.

Developmental:

Toddlers bite other toddlers for many different reasons. A child might be teething or overly tired and frustrated. He or she might be experimenting or trying to get the attention of the teacher or his peers. Toddlers have poor verbal skills and are impulsive without a lot of self-control. Sometimes biting occurs for no apparent reason. We will establish a rule at our center that "we never bite people." We will encourage the children to "use their words" if they become angry or frustrated. We will maintain a close and constant supervision of the children at all times.

The following steps will be taken if a biting incident occurs at our center.

- The biting will be interrupted with a firm "No We don't bite people!"
- We will stay calm and will not overreact.
- The bitten child will be comforted.
- We will remove the biter from the situation.
- The biter will be given something to do that is satisfying.
- The wound of the bitten child will be assessed and cleansed with soap and water.
- The parents of both children will be notified immediately of the biting incident. Appropriate forms will be filled out if required.
- Confidentiality of all children involved will be maintained.
- Make sure child's immunizations are up to date.

When a child bites three times, the age-level coordinator will assess the situation to determine if there is a pattern to the biting occurrences. Working together as a team, the parent will be requested to meet with the coordinator and teacher to discuss ways to stop the incidents from occurring.

Exclusion of the child who bites:

Some children will continue to bite other children in spite of interventions by staff and parents. These biting incidences can become very disruptive to staff and children in the classroom. The staff will make every effort to reduce the number of biting incidences in the center. We will continue to "shadow" that child, if additional staff is available, or stay close to him to discourage biting. We will continue to use a firm, positive approach. However, if the biting continues on a regular basis, then exclusion of the child from the Center must be considered.

A child will be excluded from the Center if the biting behavior exhibited by that child poses an increased risk to the children or adults with whom the child has close contact. Exclusion of the child must also be considered if the biting behavior become so disruptive that the daily activities of the classroom are affected. The parents will be asked to remove the child from the center until the biting behavior has passed. Sometimes a child who bites will benefit from being in a smaller center or in a home setting. The Director will assist the parents in determining when the child should return.

Every child is unique and special. Subsequently, every biting situation will be handled on an individual basis. Staff and Administration at the Center will stay in close contact with parents and every effort will be made to guide the child through this developmental stage.

Please read these policies, then check and initial the appropriate box on Page 3 and sign/ date the bottom of that page.

We want to keep our lines of communication as open as possible. We know that your children are very young and unable to communicate much information to you, and notes and verbal information often get lost and forgotten. We have four main avenues that we use center-wide to communicate with you. If you will make sure that you are aware of these, and also take the time to sign up for the text and email updates you see below that will be pushed to your contact preferences, it will help you stay informed. This is also how we will communicate in the event of emergencies and weather closings.
